

DMB REALTY NETWORK™

DMB REALTY NETWORK SELECTED TO LEAD WHITETAIL CLUB'S REAL ESTATE SALES & MARKETING

SCOTSDALE, Ariz. (March 2010) – DMB Realty Network, a premier international sales and marketing company, is retained to lead sales and marketing strategies for the real estate component of Whitetail Club, an astounding community in McCall, Idaho.

Joe Scott, Chairman of Alscott Real Estate LLC and owner of Whitetail Club and Shore Lodge, said, “DMB Realty Network will be the boots on the ground for the real estate sales and marketing operation and will handle strategy, sales and everything in between.”

The 1300-acre property and its world-class amenities include an 18-hole golf course designed by two-time U.S. Open winner Andy North, a Golf Clubhouse, the Fish and Swim Club, an Indoor Tennis and Fitness Center, and access to the iconic Shore Lodge, nestled on the sandy shores of Payette Lake. The Whitetail community accesses over 400 miles of snowmobile trails, is adjacent to three major river systems and is only six miles from Brundage Mountain, which Ski magazine claims has “the best powder in North America.”

Donald D. Kent, President and CEO of DMB Realty Network, has enjoyed a long history with McCall dating back to 1998 with the development of Spring Mountain Ranch. “We are thrilled to be engaged with such a truly one-of-a-kind community,” said Kent. “With such a variety of year-round activities, Whitetail is the perfect choice for buyers seeking exceptional experiences they can share with their families and friends for generations.”

“Mr. Kent had great success in marketing the real estate in McCall and Whitetail Club,” said Scott. “Given today’s challenging real estate environment, we are confident their abilities, coupled with our investment, will result in long-term success for Whitetail Club.”
